6 inch rubber wheel

BATTERY POWERED

Powered by an integrated lithium-polymer battery, our digital signage redefines convenience. With our high-quality industrial-grade battery solution, you can enjoy uninterrupted operation for more than 12 hours.

EASY TO USE

The i-Frame Poster seamlessly integrates a brilliantly illuminated LCD display with web-based software within a single customizable frame, offering unparalleled ease and flexibility for digital signage.

PLUG AND PLAY

Effortlessly set up and play your content over your personal WLAN network with just a power source. Easily transfer images and videos by loading them onto a USB stick, inserting it into the display, allowing your content to copy, and then removing the USB stick. Your images and videos will seamlessly play in a continuous loop.

IP65 Rated Weatherproof Enclosure

The outer enclosure boasts an impressive IP55 rating, guaranteeing its ability to effectively shield against airborne elements, dust, and various particles. Additionally, it offers robust protection against wet weather conditions, ensuring the safety and integrity of its contents even in adverse environmental circumstances.

Fully Mobile

One person can effortlessly relocate the i-Frame Poster, thanks to its user-friendly design. The dazzling pictures and captivating videos displayed on the poster offer a contemporary and modern approach to engaging with customers, making it an ideal choice for captivating your audience.
